01958	Piccolo	ML	Silver	Brandon Beck	8/27/08		none	N	Not an alteration, but the valves are stamped "1, 2, 3 & 4." The serial number is not stamped on the valves. It is the only piccolo so far that does not have a number stamped on the bell.	I'm not sure where to put this one. I've seen pictures of the serial number and it is clearly stamped. Los Angeles is stamped on the bell. My guess is that it was a special order, with a special serial number. Purchased from Charles Reskin, who purchased it used in the early 1980s. I welcome input
